

HII-DIA Project drafting meeting

Aim: the meeting will provide a unique opportunity to get to know the HII-DIA project partners, establish synergies and common goals. The meeting will be fundamental to orient our joint work, decide how everyone will contribute, and establish common project goals to lay the foundations for a successful kick off of the writing phase of the project.

Location: the University Residential Center of Bertinoro (Ce.U.B.) is located inside three unique buildings on the hilltop of the city of Bertinoro: the Bishop's Fortress, the Rivellino, and the former Seminary. The history of the Fortress begins at the end of the X Century. Thanks to its strategic location the Fortress was not only used for military purposes, in fact from the late XV Century, the Malatesta family and the bishops of Bertinoro turned the Fortress into a cultural hub. From 1998, University Residential Center of Bertinoro had been connected to the multicampus of the University of Bologna in the Romagna area.

The meeting will be held at the formerly a military outpost of the Fortress, the Rivellino.

The location is ideal for working together in a quiet environment surrounded by a unique landscape and will also give us the opportunity to spend some time together enjoying the local specialties.

Preliminary Program Agenda

25 January 2023

17.00	<i>Pick up from Bologna Airport</i> Arrival at the University Residential Centre in Bertinoro Check-in reception at Via Frangipane 6 – 18.00pm to 19.00pm
